## Prepare for Fall.... Submitted by Captain Bayliss

Now that summer has officially ended, it's time to prepare for fall.

First on the list is to change your smoke detector batteries when you

turn back your clocks at the end of daylight savings time.

While you are changing the battery,

also check to see how old the detector is. It is recommended to replace detectors that are 10 years old or sooner if stated by the manufacturer.

Next on the list is to schedule a

check of your furnace and other heating appliances. Chimneys should be cleaned and checked for obstructions. A secure chimney cap will ensure your chimney doesn't become a raccoon hotel!

Check your gutters to ensure your leaf guards are in place if you have them. If not, now is a good time to install them. The solid-top-type seems to perform better than the grid type. If you are a do-it-yourselfer, be careful while installing.

Check with your doctor on when the flu vac-

cines will be available if you cannot make one of the free clinics offered by the city. Now is also a good time to replace those worn-out work gloves before leaf raking begins. It may be that a tune-up on your leaf blower and shredder are in order.

A new set of wiper blades are usually in order after taking a beating in the hot summer sun. Rotate your tires and check for wear and possible replacement before the early snow shower hits.

And lastly, tailor your exercise regiment to fit your extra-curricular activities.

## Fill The Boot Raises 5,000

The 2009 MDA Fill the Boot Campaign was a success. The Alexandria Medic Association, Black Fire Service Professionals of Alexandria (BFSPA), the International Association of Firefighters local 2141, and the City of Alexandria Fire Department worked together to raise \$5,000 in only one day.

Money was collected at three locations in the City; King Street Metro, City Hall and the Patent and Trademark building.

The event was a positive experience bringing together labor organizations for a worthy cause.

Fire department representatives Wells Wilson, Reggie Rich and David Denardo presented a check for \$5,000 to the MDA at the annual telethon

Services include; clinics, summer camp, financial assistance with the purchase of medical equipment, and community education, and funding research, giving hope to finding a cure for the disease.

Nationally, the 44th Annual Telethon raised 60.5 million dollars, down from last year, which raised 65 million.

The first telethon was aired on only one TV station during the Labor Day weekend of

Through their efforts and team work, MDA will be able to continue to fund services provided to families at no charge to them.

1966 and, raised just over 1 million dollars.

## Awards and Recognition

Keith Jochem has completed the FTO program and passed his final test. He is now a cut loose ALS provider.

## Community Outreach....

Engine 201 at Downtown  
Baptist Church

Rescue 206 at Creative Learn-  
ing Center

## Spot Light... submitted by Janine Pennell

Donna Dailey

Donna Dailey is the first person that most people meet when coming to the Multi-Agency Permit Center to apply for permits or business licenses, or submit plans for review. Since January 2007, Donna has been an Engineering Aide with Office

of Building and Fire Code Administration. When the Permit Center was created in the Fall of 2008, Donna was a natural choice to be the Intake Specialist who greets customers, explains complex processes to them, and ensures that their submissions are complete. This helps staff from Code, Finance, Zoning, and T&ES conduct plan reviews and issue permits in a more expedient manner. Donnas' professionalism, winning smile, and pleasant personality provides a very real "human touch" to a "bureaucratic" process. This has resulted in Donna becoming the "Face of the Permit Center" for which many customers are thankful and have given many com-

mendations.

Donna started her Fire Department career as a Supply Technician in 2006. Before that, she worked in the City Mail Room. Donna is a veteran of both the U.S. Army and the U.S. Coast Guard. In the Army, she served as a Supply Specialist and a Chemical Specialist.

Donna is a single parent who lives in Fairfax County with her two wonderful children. In addition to working full-time and being a full-time Mom, Donna also attends college and plans to get a degree in nursing.
